Focused On The Engineered Environment

August 2013

Welcome to PPORTUNITY, a monthly newsletter provided by Jacco & Associates. Jacco's focus on engineering and design concepts will improve your HVAC system while significantly reducing design time, making you more productive for your clients.

August Feature:

Whalen Revit Files Now Available On

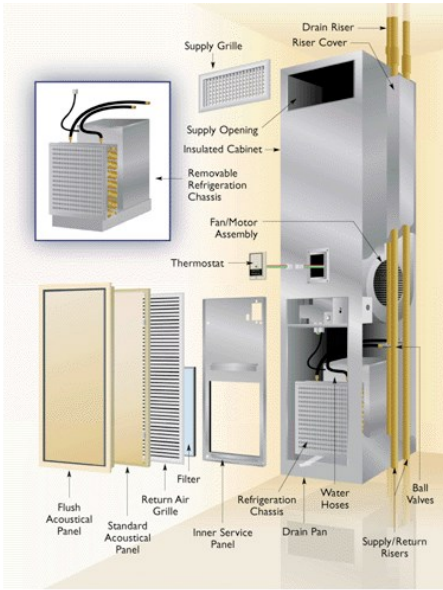

Visit Autodesk (<http://seek.autodesk.com/>) for Revit Drawings, brochures, design guides, specifications and IOM manuals. All products are listed including the new family of **Horizontal, Vertical, Cabinet Fan Coil Units, and Single or Double Wall Air Handlers.**

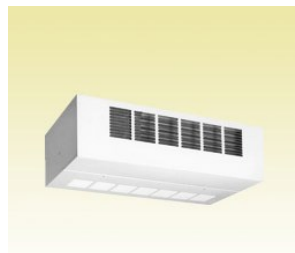

With the Revit® drawings you are able to select the unit size as well as be able to also do the following in the Revit model:

- Connect each Whalen unit to the piping system
- Size the piping for each unit and the riser
- Generate a system pipe pressure loss report
- Check the Whalen unit models with the REVIT system inspector
- View 3D Direct and Reverse Return piping configurations
- Complete product selections and options in one (1) drawing
- Generate a complete schedule of Whalen Components

Revit® drawings for the complete Water Source Heat Pump family, including:

*Vertical Stack -
Whisperline Classic
Water Source/
Geothermal Heat
Pump/Air
Conditioner*

Horizontal - Valve Series

*Vertical -
Closetline Classic
Water Source/
Geothermal Heat
Pump/Air
Conditioner*
