

Jacco is Pleased to Welcome Michael Mueller to the Team

HUDSON, OHIO - (Feb. 2016): Jacco & Associates recently announced Michael Mueller has joined the team as part of the operations department.

Mueller will be graduating in May of 2016 from the University of Akron with a Bachelor's of Science in Mechanical Engineering of Technology.

"I am fortunate to join Jacco's team of engineers," Mike Mueller said. "I look forward to providing our customers with the solutions they need."

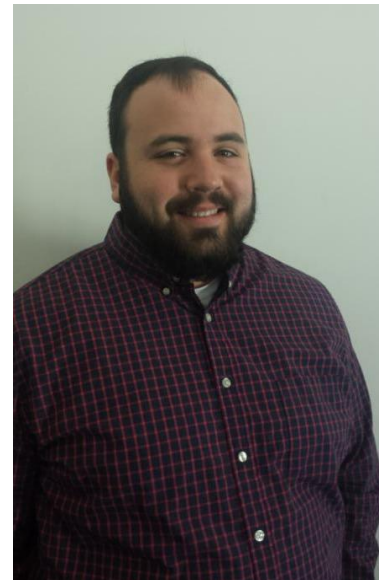

In his most recent position at Preformed Line Products, Mueller worked as a lab technician running complex environmental tests, composed reports using Access, created data sheets in Excel and helped create a faster method for recording data from tests.

In addition, Mueller was in the Ohio Army National Guard and served one tour in Afghanistan.

Mueller will play a key role in Jacco's 30-minute design process. He will be joining his fellow team of engineers to provide customers with direction and solutions to fit their project needs.

"I am confident Mike will be a great addition to the team," said Jerry Cohen, Jacco owner. "Mike's passion and intelligence will provide our customers with the help they need."
