

Samsung VRF Installation Is So Easy, Even A Caveman Could Do It!

For a complete narrative on Samsung Installation, [click here.](#)

Samsung VRF:
Simple to Design
Simple to Pipe
Simple to Wire
Simple to Start Up
Simple to Service
So Easy a Caveman Could Do It!

The heat recovery condensing unit requires two pipes with brazed connections and one pipe with flare connections to the MCUs. The MCU's are placed near their designated zone to minimize labor and materials. Soft copper with flared connections is perfectly acceptable between MCUs and indoor units.

For more information on Samsung VRF Systems, [click here](#).

For more information on Samsung installation, please contact Jerry Cohen at jerryc@jacco.com, or visit our website at www.jacco.com.

Don't miss your chance to earn TWO credit hours toward your CEU or PDH!

The Cleveland location is booked, but Youngstown or Akron still have available spots! **Sign-up today** for Jacco's March 11 seminar on Applying Energy Recovery Systems.

For more information on the seminars being offered or to sign-up, please contact Brenda Homjak at brendah@jacco.com, or visit our website at www.jacco.com.
