

Samsung Compressors: The Most Rugged Compressors on the Market

The Samsung VRF Compressor is one of the highest-performing compressors that are currently on the market. The strength of its rugged design is proven by Samsung's 10-year guarantee, providing you with a machine you can depend on.

The Samsung VRF Compressor has the highest lift capability of any comparable brand. Jacco will find solutions for any possible problems before they arise, ensuring that your unit will not fail. You can trust Jacco to be there every step of the way.

The Samsung VRF Compressor is powerful enough to pump wet gas introduced by the Vapor Injection System (VIS), providing longer-lasting and efficient heating in any situation. We have a decade of experience with VRF and we are excited to offer a compressor of this extreme caliber.

The Samsung VRF Compressor features ingenuity in design such as dual inverters, giving you the capability to lead lag compressors and equalize run time; refrigerant cooling system,

enhancing the compressors; and an external oil reservoir with an extra large holding capacity.

Jacco has never lost a Samsung compressor, thanks to the ruggedness of the compressor itself, the excellent design of the units and Jacco's experience in installation. We are committed to your success and will work with you to ensure the system will not fail.
